GM FULL SIZE  
REAR DISC BRAKE CONVERSION KITS

*Add the safety, reliability and performance of rear disc brakes to your full size Chevrolet with our Rear End Disc Brake Conversion Kit.*

In this kit you receive everything you need to mount single piston disc brakes to your Chevrolet 5x4 $\frac{3}{4}$  Rear Axle. All components used in these kits are new high quality, precision machined products with a zinc plated finish to reduce corrosion and extend the life of your brake system. The heavy duty parking brake caliper will allow you to use the parking brake cables included in the kit to actuate your parking brake.

*Cross-drilled & Slotted Rotors, and Black or Red Powdercoated Calipers are available as upgrades.*
